

Photography during Activities

It is possible that during this event, your child/young person below the age of 18, may be photographed or recorded by a member of the Cross-Links Dover Team. We will take all steps to ensure that these images are used solely for the purposes that they are intended which is the promotion and celebration of Cross-Links Dover and our sponsoring Churches¹.

If you become aware that these images are being used inappropriately you should inform an official as soon as possible.

If you would like a copy of these guidelines please contact Nigel Collins.

If you would prefer that your child's photograph is not taken and used for these purposes please advise a member of the Cross-Links Team as soon as possible.

You may take photos yourself of family members for family use, but please ask permission of other parents if you wish to take photos that include other children.

Guidelines for 'Official' Photographers during Cross-Links activities

1. Do not photograph any child who has asked not to be photographed or who is under court order (where it is known).
2. Photography or recording should focus on the activity not on a particular young person.
3. Images should focus on small groups rather than individuals.
4. If a young person is named avoid using their photograph.
5. All children must be appropriately dressed when photographed.
6. All people taking photographs or recording footage for official use at the event should register with the activity co-ordinator.
7. All concerns regarding inappropriate behaviour or intrusive photography should be reported to the event organiser.
